

Gymsport Australian Levels Programs

The Australian Levels Program (ALP) for each gym sport is a comprehensive guide to the competition pathway via a levels structure, for Australian gymnasts, coaches, judges and clubs.

This resource is complimentary to any current Gymnastics Australia Technical Member who holds a gym sport specific accreditation (ie. judges at all levels and coaches at the intermediate level and above). The ALP for each gym sport you are accredited in can be accessed via the benefits tab in your [technical member portal](#).

To purchase a printed copy of an Australian Levels Program Manual, please visit the Gymnastics Australia [GymShop](#).

The MAG & WAG ALPs are also available as an app for both Apple and Android devices, please [click here](#) for further information.
